

Food changes the story

Mary's Meals provides life-changing meals to hungry children every school day.

Mary's Meals is a global movement of people from all walks of life, united by the belief that no child should endure a day without a meal. We set up school feeding programs in some of the world's poorest communities, where poverty and hunger prevent children from gaining an education.

Today, **67 million children miss school because of poverty** – working in fields, begging on street corners, or scavenging among the garbage just to survive. Millions more attend school so hungry that they are not able to concentrate and learn.

Our Vision is that every child receives one good meal every day in a place of education and that all those who have more than they need, share with those who lack even the most basic things.

Working together with individuals, groups and businesses who share our ideals, we believe this vision can be achieved in a world where there is enough food for everyone.

Every school day, we feed over 2.4 million hungry children across 17 countries. Where children receive Mary's Meals, we see a rise in enrollment, attendance, and academic performance.

It costs just \$31.70 to feed one child for an entire school year.

We're committed to keeping our operating costs low, and we are humbled and heartened by the support we receive from all over the world.

Ours is not a movement that divides rich from poor, or giver from receiver. Every contribution is equally valued, from donations to buy the food to the time and energy given to cook and serve the meals. Nearly every part of our work depends on volunteers, both here and overseas.

Together, we are working to transform the lives of children in desperate need.

We firmly believe that the children receiving Mary's Meals today can one day grow up, well-nourished and well-educated, to become the men and women who will lift their communities out of poverty and end their reliance on aid. Help us reach more children who are waiting for Mary's Meals today!
